```

The diagram illustrates the include relationships for the `smacc` library. A central box at the top represents the header `smacc/include/smacc/smacc_signal.h`. Two arrows originate from the bottom of this box, pointing to two separate boxes below. The left box contains `boost/signals2/signal.hpp` and the right box contains `boost/any.hpp`, indicating that `smacc_signal.h` includes both of these Boost headers.
