

smacc::ISmaccStateMachine
::onInitialized

```
graph LR; A["smacc::ISmaccStateMachine  
::onInitialized"] --> B["smacc::ISmaccStateMachine  
::state_machine_visualization"]
```

A diagram showing a call from the `onInitialized` method of the `smacc::ISmaccStateMachine` interface to the `state_machine_visualization` method of the same interface. The call is represented by a blue arrow pointing from the left box to the right box.
