

```
cl_move_group_interface  
::CbMoveCartesianRelative  
  ::onEntry
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'cl\_move\_group\_interface', '::CbMoveCartesianRelative', and '::onEntry'. The right box is gray with a black border and contains the text 'cl\_move\_group\_interface', '::CbMoveCartesianRelative', and '::moveRelativeCartesian'.

```
cl_move_group_interface  
::CbMoveCartesianRelative  
  ::moveRelativeCartesian
```
