

smacc::SmaccStateMachine
Base::eStop

```
graph LR; A["smacc::SmaccStateMachine  
Base::eStop"] --> B["smacc::ISmaccStateMachine  
::eStop"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'smacc::SmaccStateMachine' on the top line and 'Base::eStop' on the bottom line. The right box is gray with a black border and contains the text 'smacc::ISmaccStateMachine' on the top line and '::eStop' on the bottom line. A blue arrow points from the right side of the left box to the left side of the right box.
