The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvWaypoint241< TSource, TOrthogonal > >'. It has two empty rectangular compartments below the text. The bottom box is gray and contains the text 'cl_move_base_z::EvWaypoint241< TSource, TOrthogonal >' followed by a plus sign and 'waypointIndex' in the next compartment. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.
