

smacc::introspection
::processTransitions

```
graph LR; A[smacc::introspection::processTransitions] --> B[smacc::introspection::processTransition]; B --> C[smacc::introspection::processTransitionAux];
```

The diagram illustrates a three-step process flow for smacc introspection. It begins with a box labeled 'smacc::introspection::processTransitions', which points via a blue arrow to a second box labeled 'smacc::introspection::processTransition'. This second box then points via another blue arrow to a final box labeled 'smacc::introspection::processTransitionAux'. The final box is shaded gray, while the others are white.
