

The diagram illustrates the structure of the `smacc_client_library`. It is represented as a light blue rectangle with a dashed border. Inside this rectangle, at the top, is the text `smacc_client_library`. Below this text is a smaller, solid light blue rectangle with a solid border. Inside this inner rectangle, on the left, is a small blue square with a solid border containing the text `src`. To the right of this square, within the same inner rectangle, is the text `move_group_interface_client`.
