LateralWorkspace::createVirtualCollisionWalls

A diagram showing a transformation between two states. On the left is a rectangular box with a light gray fill and a black border. It contains four lines of text. A blue arrow points from the right side of this box to the left side of a second rectangular box on the right. The second box has a white fill and a black border, and it contains the same four lines of text, but with the last line changed from 'createVirtualCollisionWalls' to 'createCollisionBox'.
