

smacc::ISmaccClientBehavior  
::getName

```
graph LR; A[smacc::ISmaccClientBehavior::getName] --> B[smacc::introspection::demangleSymbol]; B --> B;
```

The diagram illustrates a function call. A grey rectangular box on the left contains the text 'smacc::ISmaccClientBehavior::getName'. A straight blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the text 'smacc::introspection::demangleSymbol'. A curved blue arrow originates from the top of the white box and points back to the top of the same box, representing a self-call or a recursive operation.
