

```
sm_fetch_two_table  
_whiskey_pour::cl_perception  
_system::ClPerceptionSystem  
::decidePrePlacePose
```

A diagram consisting of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains four lines of C++-style code. The right box is light gray with a black border and contains a simplified version of the same code, with the namespace and class qualifiers removed. The arrow indicates a transformation or simplification process.

```
sm_fetch_two_table  
_whiskey_pour::cl_perception  
_system::ClPerceptionSystem  
::decidePlacePose
```
