

smacc::introspection
::processTransitions

```
graph LR; A[smacc::introspection::processTransitions] --> B[smacc::introspection::processTransition]; B --> C[smacc::introspection::processTransitionAux];
```

The diagram illustrates a three-step process flow for smacc introspection. It consists of three rectangular boxes arranged horizontally, connected by blue arrows pointing from left to right. The first box, labeled 'smacc::introspection::processTransitions', is white with a black border. The second box, labeled 'smacc::introspection::processTransition', is also white with a black border. The third box, labeled 'smacc::introspection::processTransitionAux', is shaded gray with a black border. The flow starts at the first box, moves to the second, and finally to the third.
