

smacc::introspection
::processSubState

```
graph LR; A[smacc::introspection::processSubState] --> B[smacc::introspection::WalkStatesExecutor::walkStates];
```

A diagram showing a function call. On the left, a grey rectangular box contains the text 'smacc::introspection' followed by '::processSubState' on the next line. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'smacc::introspection' followed by '::WalkStatesExecutor' on the next line, and '::walkStates' on the third line.

smacc::introspection
::WalkStatesExecutor
::walkStates
